An Authentic Lifestyle, An Exceptional Experience

Nature and lifestyle infused in perfect balance, spoiling us in an unspoiled setting. Inspired by local architecture, culture and landscape. An oasis woven around trees that have stood here for generations.

Discover a new community rooted deeply among age-old olive groves and meandering streams of crystal clear water. An innovative resort committed to sustainability, complimenting natural serenity with the experiential luxury and stunning design of our golf course, residences and five-star hotel managed by Viceroy Hotel & Resorts. Spa and wellness therapies, delectable dining moments and thrilling sporting adventures all immerse you in your surroundings.

Discover the Heart of the Algarve

Nestled at the heart of the Algarve, enclosed by nature reserves and picturesque, white-walled villages, Ombria Resort is easily accessible from nearby Faro Airport, so magnificent golf courses, spectacular beaches and your own hidden spots are never more than a step away.

A natural climate of pleasant summers, mild winters and our bioclimatic architecture ensures the perfect temperature throughout the year. The warm blue skies of the Algarve welcome you to explore time-forgotten villages, rich with gastronomy, culture and history. Soon you'll share our passion to preserve them and understand why we call this the heart of the Algarve.

320 days of sun per year

Just south lies Loulé, a bustling 12th century market town and cultural hub of winding cobbled streets and hidden tavernas. To the east, explore tranquil Querença, where age-old rural traditions live on. Crossing to the west, discover the vineyards of Tôr, and toast tomorrow among age-old grapes and vines. Encircling them, the Fonte da Benémola protected landscape, one of the most biodiverse regions in Portugal, where children seek out kingfishers and owls while we bask in the sunshine.

Vibrant local towns and
picturesque villages.

Crystal waters freshen
the warm sun. Hidden spots
become our own special places.

Nature reminds
us that the smallest
things still matter.

Next Generation Sustainability

Sustainable consideration is an integral part of Ombria's philosophy; how we affect our environment, how we may protect and promote local heritage and what impact we will have upon the local community. Discover our passion to preserve the region for future generations.

Architecture, lighting, material sourcing and design aesthetic all work to reflect the natural environment and create the perfect responsible resort. Our bioclimatic smart houses use cutting-edge solar and geothermal energy sources as part of our commitment to ensure that the lands inspiring us live on to inspire others.

Following this vision, our landscaping blends into the winding hillsides and valleys known as the Barrocal. Buildings and treelines are woven into the surrounding contours, indigenous plants and trees selected to grow into an already thriving ecosystem. All this, along with minimal grassed areas and water consumption, has put us on the path to achieve the world's most prestigious sustainability certifications.

The Ombria Course by Jorge Santana da Silva

Jorge’s signature designs are renowned for blending their natural surroundings into the flow and aesthetic of a course. The stunning setting is no mere backdrop, it plays a part in every moment upon the course, challenging us to truly play the land.

An 18-hole, par 71 golf course weaves across spring-waters flowing down from the hills, a remarkable golf experience steeped in the diversity of its home. Making the most of these stunning panoramas, The Club House subtly integrates the walls of a valley ruin into its design, breathing new life upon the old stones.

With a swimming pool, sauna and gym facilities, unwinding after a demanding game couldn’t be simpler. From tee-off to a relaxing drink upon the bar’s outdoor terrace, you will find everything that you need for a splendid day on the course.
